

CTN-102B

LOW POWER MULTIBAND PORTABLE JAMMER

GSM & CDMA/TDMA & H GSM & PCS & UMTS (3G)

The low power CTN-102B jammer can be used in a covert manner to provide protection against the risk of spying during meetings via cellular phones. It can also be used to eliminate the irritating nuisance of ringing cellular phones in various locations.

This model is designed to operate from a main AC power source.

The CTN-102B can be constructed to jam up to four cellular and/or satellite mobile phone systems.

- Government and military
- Law-courts and parliaments
- Meeting rooms
